Diversion Rate	67		55		25		53	
Clean Cover²	1,960,775		12,518,290		712,070		15,191,135	

¹ Pressure treated wood is sent for safe disposal in Calgary area landfills.

² Clean Cover has traditionally been separated from other waste streams as part of landfill operations and so is not included in dry waste disposal streams or included in diversion calculations.
